

# CERTIFICATION CATEGORIES

## OVERVIEW

Sanad certifications ensure that you have met the required skill set, for operating drones or RPAS ( Remotely Piloted Aircraft Systems ) in the emirate of Dubai. Our program is endorsed by the Dubai Civil Aviation Authority

### BASIC CERTIFICATION

Basic certification applies to non commercial users piloting aircrafts below 4KG for leisure purposes only

### PROFESSIONAL CERTIFICATION

This category applies to professional users piloting drones for non commercial purposes. Example: Real estate firm uses drones for internal use

### COMMERCIAL CERTIFICATION

A commercial certification applies to any individual or organisation that uses drones for commercial use. Example: Drone photography company
